

# ArgoNet Welcome Pack

## The Welcome Pack contains:

- > Form 1 - Subscription
- > Form 2 - Installation

Dear Client,

**Thank you for choosing ArgoNet!** Our reputation for technical excellence is matched by an unrivalled, truly global service network.

This Welcome Pack will help you get started and make sure your Argos equipment is set up quickly and properly. The memo below will explain the steps to follow:

1. Begin by filling out the **Subscription Form**. Once this form is filled out, print it and fax it to CLS Sales Administration - Argos Applications Division - Fax: +33 561 394 797  
Please fill out one Subscription Form for each transmitter ordered.
2. Based on this information, CLS will send you a **contract** regarding the services and/or the material (equipment and software) you have purchased.
3. Once the payment is received CLS will send you the transmitter.
4. Once the Argos transmitter is installed, please fill out the **Installation Form** and fax it to CLS Technical Support Unit – Argos Applications Division - Fax: +33 561 394 797.
5. CLS will test the transmitter's good working order. Once the tests have been completed successfully, CLS will send the Installation Form back to you. One copy will be sent to the **Authorities** responsible for the vessel's VMS compliance.
6. If you wish to monitor your fleet via Meta Fisheries software, please contact CLS's Technical Support Unit to obtain the software installation key. To ensure security, CLS provides customers with a username and a password. You can use an evaluation copy of Meta Fisheries without a key for a trial period of 15 days.

Do not hesitate to contact us for any further information regarding your Argos equipment.

Yours faithfully,

Fisheries Team  
Argos Applications Division  
CLS

*When it comes to VMS compliance,  
ArgoNet is a good catch!*
